G-1 Indian Economic Environment

Annexure –II

1) Title of the course:

Class: F.Y.B.A.

Subject: Economics.

Title: Year of Implementation: From June - 2019

2) Preamble of the syllabus:

The proposed curriculum is with an objective to enhance the existing syllabus, make it contextual as well as applicable and to incorporate all the latest changes in the national economy. The board examined the short comings of the existing syllabus and expressed the need to change it. While doing so the board analyzed other curricula of existing universities in respective subjects in terms of content, relevance, quality and pattern of teaching that has been synthesized in the present proposal. While framing the draft of syllabus, guidance from industrial experts and professionals was sought.

The present era is that of structural transformation especially within the country. Moreover fast changing international scenario and approach of other countries towards our human resource makes it mandatory for the educational system to impart latest knowledge to our students, so that they are prepared to merge themselves in the challenging economic and corporate environment.

Hence, a change in the paper and restructuring of syllabus becomes imperative. The syllabus needs to be holistic in nature. It should be contextual and clear the basics of economics but at the same time it should teach application of the theories in day to day life.

In the modern world, competition is an inseparable part of our lives. To inculcate a competitive spirit among the students, the syllabus should include all the recent advancement with in and out of the country with its pros and cons.

Commerce Faculty

Savitribai Phule Pune University
Faculty of Commerce & Management
Structure for Three - Year
B.Com. Degree course (Choice Based Credit System)
(2019 Pattern)
With effect from June 2019

Preamble:-

Commerce education is that area of education, which develops the required knowledge, skills and attitudes for the handling of Trade, Commerce and Industry. Commerce education is entirely different from other disciplines. Hence, it must charter Course routes to service the aspirations of the nation. To meet the growing needs of the business society, there is greater demand for sound development of commerce education. The relevance of commerce education has become more imperative, this means a marked change in the way commerce and management education is perceived in India. The Commerce education is dedicated to developing tomorrow's leaders, managers, and professionals.

The existing education system of imparting commerce education needs to be more dynamic to incorporate all local and global changes in the field of trade and commerce. The curriculum needs to be restructured accordingly. The learning inputs are required to be more update, skill based and with appropriate applications. This will be achieved through the introduction of Choice based Credit System at undergraduate level.

The choice based credit system offers a cafeteria approach where the students have the liberty to choose courses of their own choice. The credit system allows students to opt for additional courses where he /she can score more than the required credits. The system will focus on student centric learning methods, which include use of Information and Communication Technology, innovative methods of teaching and learning and emphasis on industry interaction to enable the learners to take up professional challenges more effectively.

The SGPA is the weighted average of the grade points obtained in all the courses, seminars and projects registered by the student during the semester.

$$SGPA = \frac{\sum_{i=1}^p C_i G_i}{\sum_{i=1}^p C_i}$$

$$SGPA = \frac{\sum \text{Grade Points Earned} \times \text{Credits for each course}}{\text{Total Credits}}$$

For Example: suppose in a given semester a student has registered for five courses having credits C₁, C₂, C₃, C₄, C₅ and his / her grade points in those courses are G₁, G₂, G₃, G₄, G₅ respectively.

Then students

$$SGPA = \frac{C_1 G_1 + C_2 G_2 + C_3 G_3 + C_4 G_4 + C_5 G_5}{C_1 + C_2 + C_3 + C_4 + C_5}$$

SGPA is calculated up to two decimal places by rounding off.

- 7.2 Course Grade Point Average (CGPA)- The CGPA is the weighted average of the grade points obtained in all the courses (Theory/term work/practical/oral/presentation) of first semester to sixth semester for the students admitted in the First year and third to sixth semester for the students directly admitted at Second year. It is calculated in the same manner as the SGPA.

In case of a student passing a failed course or in case of improvement, the earlier grade would be replaced by the new grade in calculation of the SGPA and CGPA.

Continuous Assessment (CA)

One method for assessing students' learning experiences is continuous assessment. The purpose of continuous evaluation is to track pupils' growth by continuously evaluating their performance. The institute has created a system for ongoing evaluation. Taking into account the institution calendar, the CEC creates the academic calendar for CIE and notifies students in a variety of methods. HEI uses CBCS for a number of programs where students' performance is assessed using CIE based on a number of evaluation criteria, including class tests, homework, tutorials, open-book exams, seminars, group discussions, projects, field work, surveys, field trips, and viva-voce. Faculty members compose the question papers and question banks taking into account the many facets of Bloom's taxonomy. Students' progress is assessed through formative assessments. Additionally, midterm exams, projects, and end-of-semester internal exams are used for summative evaluation. The finalized internal evaluation grades are turned in to the university at the end of the semester. Course results are used to evaluate students' CIE learning experiences. The academic departments keep track of the CIE details.

University Assessment

At the conclusion of each semester, university exams are administered to assess students' academic achievement. In addition to learning outcomes, POs, and COs, the degree percentage is used to evaluate the learning experiences. To guarantee that students are motivated to learn, university exams are administered in a fair and efficient manner. The university announces the results within the allotted time. College faculty and staff play a major role in the numerous examination-related tasks that the university occasionally assigns them, including invigilation, paper setting, assessment, revaluation, etc. During the epidemic, the evaluation process was completely altered. In accordance with SPPU, UGC, GoM, and GoI requirements, the college reviewed its facilities and procedures, implemented all feasible measures for an online evaluation, and assessed the students via online quizzes, tests, orals, telephonic orals, etc. Despite all of the limitations and restrictions during the lockdown, the institution made an effort to contact all of the students and guarantee their participation by using its ICT resources and the active participation of its faculty.

Student Profile System (SPS) [सूचना भारतीय](#)

Every student who wish to apply for Online Exam Form need to be registered on Student Profile System (SPS).

Features of Student Profile System (SPS)

- This is one-time/permanent profile management system for student.
- Once registered student will be able to use same account across multiple online applications of university through out his course. i.e. Student will be able to use this account from first year of course to degree.
- No duplicate accounts is allowed on same Aadhaar number(For Indian Students)/Passport Number(For International Students), Email ID and Mobile Number.
- Only one account per student is allowed.

Instructions for Creating Account On Student Profile System (SPS)

Before creating account on SPS you need to have following things with you

- PUNCODE:** Unique 10 digit code assigned to each college by university. You can search it from your login.
- Eligibility Number:** Every student gets this number when his eligibility is done by college in eligibility online portal. This number is must for creating profile. Please contact your college to get this number.
This number is not applicable to International Students.
- PRN: (Permanent Registration Number)** This number is allotted to a student when he/she first appears for university exam. This number is must for creating profile. This number is printed on student's university mark sheet.
- Previous Exam Marksheet:** Keep Previous Exam Marksheet with you while creating profile.
- Photo(Passport Size):** Scan copy of passport size photo in JPEG format and file size must be less than 300KB.
- Signature:** Scan copy of your signature in JPEG format and file size must be less than 50KB.

Based upon data in your profile your exam form will be made available to you, so please provide accurate information in profile.

Steps To Create Profile

- Create Account
- Login
- Enroll for the Course
- Fill Personal Information

After completing above four steps your profile will be complete and you can fill exam form by clicking Exam Form button from dashboard.
